Monday, 18 May, 2020 to Wednesday, 20 May, 2020

## EOSC-hub week 2020 & EOSC Consultation day go virtual

EOSC-hub and the EOSC Executive Board join the rest of the European scientific community and the world in being responsible in #flatteningthecurve of the COVID-19 pandemic. This is why **the format of the EOSC-hub Week 2020 will change from a physical conference to an online event.**

This means that the EOSC-hub week 2020 will still continue, but with significant changes to the structure and format of the event. More information on this will follow in the upcoming weeks.

As already announced, Monday 18 May 2020 will host the **EOSC Consultation Day**, one day organised by the EOSC Executive Board to present the latest developments of the EOSC and to gather feedback and input from the EOSC stakeholders on all the latest released documents.

For any questions related to the cancellation of the physical event, please visit the [FAQs webpage](#).

We would like to personally thank all the attendees for their flexibility in such a difficult moment and those who have already invested a lot of time to make the EOSC-hub week 2020 such an exciting event.

**We look forward to virtually meeting all of you during the online activities of the EOSC-hub week 2020!**
