

EUDAT Conference 2022 - Location

With the return of the EUDAT Conference series (the [last one](#) being held in 2018 in Porto, Portugal) we knew we had to select a location that would be reason enough to join the conference. In between the conference hours, the Greek capital will have plenty to offer to refresh the mind - a rich culture, famed history, great food, among others. To help make your conference days more interesting, we've compiled this quick guide for you to help you enjoy your time with us in Athens.
