## iRODS, Data Staging and Persistent Identifiers

Collocated with IUPS2013 in Birmingham, but open to all, this free course will run from 10:30 until 16:30 on Sunday, 21st July, 2013.

We will cover iRODS, Data Staging and Persistent Identifiers. We'll introduce these technologies and concepts and then demonstrate how they can be used in the context of EUDAT's common data infrastructure.

Register now at: <http://eudat.eventbrite.co.uk>.
